

Leak sealing bags

Art.-Nr. 1500005302

Reliable sealing of large areas. Every minute counts when hazardous liquids escape from tanks, pipes or drums. Vetter leak sealing bags are quick and easy to inflate using a foot pump. Thanks to even pressure distribution, the structures around the liquid discharge area are protected and the danger that the leak gets bigger is reduced. Extend the life of your leak sealing bags by using the supplied sealing plates for sharp-edged leaks.

Technical Data

Length [mm]:	615
Width [mm]:	300
Height [mm]:	20
Weight [kg]:	4.3
operating pressure:	1,5 bar / 21,76 psi
Test pressure :	1,95 bar / 28,28 psi
Weight Set [kg]:	29
Configuration:	Belt slots
sealing surface:	50 x 30 cm / 19,69 x 11,81 inch
Air requirement [l]:	17,5
